***Trustee orientation and ongoing learning and development is a shared responsibility between the trustee, the board chair, and the library director.***

BCLTA Governance Workshops have been designed with the assumption that participants have already received an orientation from their board chair and library director, which would include local and specific information about their board, library, and community. As such this workshop focuses on areas of common concern and issues while acknowledging the different needs and practices across the province.

The workshop is a fast moving one-day learning kick-start where your facilitator will have encouraged discussion informed by your experiences and needs.

We want to know about your experience with BCLTA Governance Workshops and what else we might be able to do to support your trustee and board development.

On behalf of the BCLTA Board of Directors, Thank you!

Please evaluate the following topics based on your needs being met in today's workshop. Circle the response that most accurately reflects your experience.
